

RAMSEL NOTES FROM RECORDER

A development of the utmost importance to Ramsey is being made in the Starlight, southwest of town. The shaft is down nearly 20 feet under the hanging wall of the ledge and excellent values are found in the bottom. The Starlight is on the southern line of croppings and the finding of good ore at this point is one of the best signs for the greatness of Ramsey yet found. It proves that the bodies are not confined to the northern dike, but that the whole district is a prolific field for prospecting and development.

BIG CLOTHING STORE

R. Greenbaum, a Sacramento clothier, arrived Tuesday, and it did not take him long to decide to locate here. He has secured a lot on Mayne street, and will proceed at once with the erection of a modern mercantile building, and will carry a large stock of general furnishing goods.

WHITESIDE'S CASINO

William Whitesides, of Klaus and Whitesides, owners of the Ramsey Club, returned from Reno Monday. As already stated in the Recorder he let a contract there for a frame building for the use of the club. The structure will be the handsomest in town when completed. It will be 29 by 50 feet, with an ornamental front, and the interior will be most ornate in every particular. Work will be started Friday and it is believed the place will be completed inside of two weeks.

DON'T COME ON SUNDAY

Come on any other day not a holiday, and at any time between 9 a. m. and 6 p. m. and between 7 and 9 o'clock in the evening.

But be sure you come on or BEFORE the 9th day of September, and better come some day before because, owing to the greater amount of writing necessary under the new law, it takes much longer to register each person, so that if there be a rush on the last day, some may be too late.

Registry Agent.
